CANDIDATES MADE WILD USE OF COIN

SENATE COMMITTEE INVESTIGATING CAMPAIGN EXPENDITURES GET THRILLS THESE DAYS.

By the Associated Press

CHICAGO, July 8.—The senate committee investigating campaign expenditures will move to St. Louis tonight to take up the investigation of Attorney General Palmer's campaign for the democratic nomination. Chairman Kenyon announced today when hearings had been resumed.

The committee strayed from the field of campaign expenditures while questioning Henry Lincoln Johnson of Georgia, and discussed subjects ranging from the percentage of negroes allowed to vote in the southern states to lynchings and their causes.

"They don't lynch men for belonging to the republican party, do they?" asked Senator Kenyon. "Oh, yes, they do," Johnson replied. "Many a negro voting the republican ticket has disappeared and no tidings have ever been heard of him. In Dublin, Georgia, during the pre-convention campaign, there was 'wild use of money,' the witness asserted. 'I spent only \$150.00 there,' he explained, 'but the other fellows spent more than \$2,000.'"

When asked if Wood supporters bought delegates, Johnson said he did not know, but "they passed plenty of jack to the boys." Johnson declared that the supporters of General Wood spent around \$50,000 in Georgia while the Lowden supporters spent \$50,000. "The democrats paid from \$20 to \$5,000 a vote in Georgia this year, and generally spent more money than the republicans," Johnson told the committee.

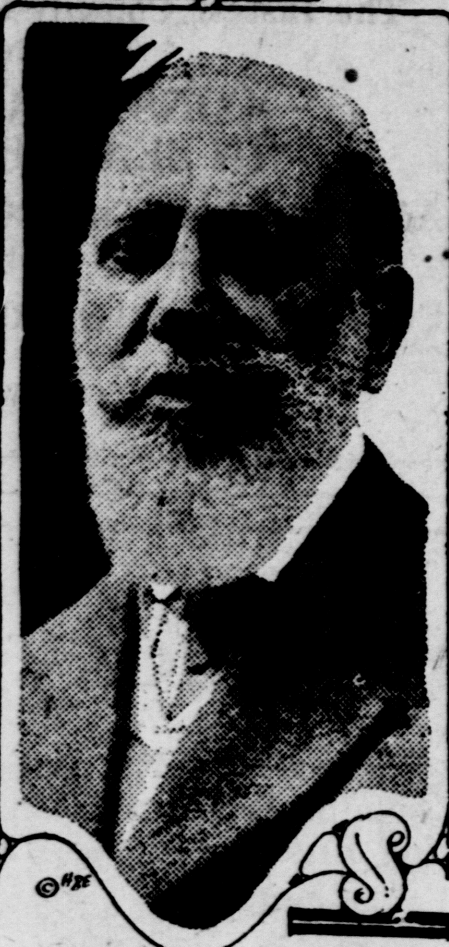

Volunteers are wanted for immediate service.

WARSAW, July 6th.—Volunteers for immediate service against the advancing Russian Bolshevik forces, are called for by the Polish national council.

Besides calling able bodied men to arms, the manifesto urges men unfit for active service to register in order to relieve office men.

Cairo is the center of Mohammedan learning.

MEXICO SENDS NEW AMBASSADOR TO U. S.

Don Fernando Iglesias Calderon.

Don Fernando Iglesias Calderon, special high commissioner of Mexico with the rank of ambassador, recently arrived in Washington. His main work will be to assist in this country the efforts on foot to bring about an agreement between the Villistas and the new de la Huerta government in Mexico.

WOOD WAS TO SPEND A MILLION IN HIS CAMPAIGN

By the Associated Press

CHICAGO, July 7.—One million dollars with which to further the campaign of Major General Leonard Wood for the republican nomination for president was underwritten by a group of New York men a year ago, William Loeb, eastern treasurer for Wood, told the senate investigating committee today.

"I estimated the expense at one million dollars," he told the committee. "Col. Mondell underwrote 250 thousand; Mr. Whalen 250 thousand dollars; Mr. Proctor 250 thousand, and I agreed to the rest."

Mr. Loeb declared \$406,000 passed through his hands, but said the men who gave it to him might have secured it from anyone else.

For acetylene welders a hand shield for protection from the intense heat has been invented by a Missourian.

Survey of This Year's Crop Conditions Tells Most Flattering Story

By the Associated Press

CHICAGO, July 8.—Marked improvement in the principal food crops of the middle west has been reported in the last few weeks, in contrast to unfavorable prospects earlier in the season which gave rise to some alarm. "There is no danger that the country will starve this year," is the comment of J. R. Howard, president of the American Farm Bureau federation, made on reviewing the situation.

President Howard reported that the corn prospect was now very fair and that wheat was really better. Corn production promised to be a little under normal, but it was well cultivated and clean and would turn out well with good weather in July and August.

While the wheat crop would not be normal, the crop condition was very fair. As against a lighter acreage there was a heavy carry over. Mr. Howard estimated that 30 per cent of last year's wheat remained on Kansas farms today. In Kansas and Oklahoma a better wheat than last year is expected.

Oats were very short and showed no improvement, Mr. Howard added. Crops are reported late.

North Dakota sends word of better crop conditions than for several years.

Reports from various states in the producing sections follow:

CONCORDIA, Kans., July 8.—Shortage of man-power in the harvest fields has prompted the organization of a peace-time counterpart of the famous war-time "Waacs."

The peace-time nomenclature, however, is "Women's Auxiliary Agricultural Corps." During the war the famous British women's order

was "Women's Army Auxiliary Corps."

"It is the only way to meet the crisis," said one of the women leaders in the movement. "There is much work that we can do and the work has to be done. Male applicants for work are scarce and want too much money."

The harvest "Waacs" are working in the harvest fields by the score, driving headers and binders, shocking wheat, raking hay and frequently doing more strenuous labor.

KANSAS CITY, Mo., July 8.—Wheat harvesting is getting under way in earnest in the wheat district south of Wichita, Kans., according to L. L. Barkham, in charge of the United States free employment service in Kansas City. He says a much heavier yield will be harvested than was anticipated a few weeks ago and adds that rains have improved wheat conditions greatly in northwestern Kansas. Other crops are in good condition, according to his information.

TOPEKA, Kans., July 8.—Almost ideal conditions the last few weeks have prevailed for crop planting and growth in Kansas. The condition of practically all crops is declared "excellent" by both federal and state crop authorities. In the last two months official estimates on the wheat crop now being harvested, have increased from 92,000,000 bushels to 121,000,000.

FARGO, N. D., July 8.—Crop conditions in North Dakota are better than they have been for several

FATE OF 'DRYS' TO BE DECIDED SOON

PROHIBITION WILL MEET IN LINCOLN NEBRASKA, JULY 21 TO DECIDE FATE OF PARTY

By the Associated Press

CHICAGO, Ill., July 8.—Now that prohibition is here, the fate of the prohibition party will come up for decision at its regular presidential convention in Lincoln, Neb., July 21. The prospect at present is that the party will put a presidential ticket in the field again this fall, Virgil G. Hinshaw, chairman of the Prohibition National committee, said today.

"Both the republican and democratic parties by omitting a plank endorsing the eighteenth amendment have dismally failed in living up to the standards demanded by the American people in 45 states," said Mr. Hinshaw in a formal statement. "We of the prohibition party consider it incumbent upon us to maintain a party organization to give expression to the millions of dry voters in the country."

For the first time in the history of a prohibition national convention one of the sessions will be given over to a law enforcement mass meeting. Another new feature of the 1920 convention will be the discussion of world prohibition. "Woman's Hour" is the theme of a third session.

The Lincoln convention, which will be the party's thirteenth quadrennial gathering, will be called to order at 10 o'clock on the morning of July 21 by Chairman Hinshaw. After reading the call by Mrs. Frances E. Beauchamp, of Lexington, Ky., secretary of the national committee, Aaron Watkins, of Germantown, Ohio, as temporary chairman will make the keynote address. Mr. Watkins was the party's vice-presidential nominee in 1908 and 1912.

Clinton N. Howard of Rochester, N. Y., who presented the case for prohibition before the republican national convention for the World Prohibition Federation, the Federal Council of Churches, the Prohibition Party and other organizations, will then speak of "The 18th Amendment—The Lost Plank." E. Clay Needham, of Los Angeles, Cal., will follow with an address, "Why Democracy Shied at It." W. G. Calderwood of Minneapolis is to speak then of "How the Committee of 48 Met the Call." Mr. Calderwood is national vice-chairman of the party.

Committee reports will be heard and permanent officers elected on the afternoon of the first day, this session closing with an address by Dr. D. Leigh Colvin of New York, president of the Intercollegiate Prohibition Association. Dr. Colvin's subject is "The Message of Our Party's Half Century History for Today."

Thursday morning is scheduled to bring election of the national prohibition committee and the report on platform and resolutions. The Rev. Elton R. Shaw of Chicago, financial secretary of the Intercollegiate Prohibition Association will make an address.

Women have the floor to themselves Thursday afternoon. "Woman's Entrance into Politics" will be the theme of the first speaker, Mrs. Viola D. Somers of Columbus, O. The other speakers and their subjects are: "Protection of Home Interests," Hortense Ropp, Roanoke, Va.; "Woman's Influence on Legislation," Marie C. Brehm, Los Angeles, Cal.; "How far Will her Influence Reach?" Margaret Wintinger, Chicago; and "The Dawn of a New Era," Mrs. Florence Speck Hyde, Erie, Ill. Several of the speakers are vice-presidents of their state W. C. T. U. The evening before the convention opens will be given to the Woman's Christian Temperance Union.

Thursday night is to be devoted to the "Prohibition Foundation," an incorporation for the extension of national and world prohibition work.

Adoption of platform and presidential nominations are scheduled for Friday morning.

RULING MAKES DEPORTATION OF ALIENS MORE EASY

By the Associated Press

WASHINGTON, July 8.—Lifting of the trade embargo against Russia by the United States, with the subsequent resumption of commercial sailing to Russian ports, is expected by officials of the department of labor to facilitate the deportation of undesirable aliens.

Approximately 600 Russian communists and anarchists, in addition to 300 aliens from states friendly with Russia, now are awaiting deportation, the department estimates.

THE CANDIDACY OF COX

"It must not be Cox" said Chairman Carter Glass of the democratic convention, speaking for the white house patronage-built machine that tried by every effort to control the San Francisco gathering.

"I will not stand for Cox," said William J. Bryan, voicing the sentiment of an important schism in the party ranks that would stand for nobody not picked by the Anti-Saloon league.

And after all and by the skin of his teeth it is Cox.

After one of the most dramatic battles of American political history the only prominent candidate that came before the Democratic convention independently and solely upon his merits has emerged victorious.

This newspaper is now for Cox for the following reasons:

Because of his progressive and patriotic record as governor of Ohio.

Because he is neither the choice, chatel nor champion of any political machine, presidential or otherwise.

Because his chief opponent, Warren G. Harding, is the choice and champion if not the chattel of such a machine.

This newspaper is not for Cox because he is a Democrat. The fact is, that before it is over the Cox campaign must take on almost the complexion of non-partisanship and will draw voters from both old parties.

He will not have the support of Democrats of the type who worked for the nomination of A. Mitchell Palmer and William G. McAdoo.

He will have the support of progressive and independent Republicans, who, with Harding bearing the party banner, are left like Al Jolson in the song, "All Dressed Up But No Place to Go."

BANKS SHOW A HEALTHY GROWTH

BANK DEPOSITS IN THIS CITY
SHOW STEADY INCREASE
FOR THIS QUARTER AC
CORDING TO STATEMENTS

That Ada bank deposits have shown an increase over that of last quarter is evidenced by the statements made by the banks to the state banking commissioner and comptroller of currency.

This city has numerous industrial institutions that have large payrolls and keep a surplus fund at all times for the promotion of their business. It is noted that one bank in this city has the paving and city bond money on deposit aside from the various accounts of capitalists who reside out of this city.

These facts blended together with prompt and efficient service to their customers have made it possible to extend the banking business of Ada to cities in the east and south.

Manufacturing and business institutions of the legitimate nature have always found Ada's banking institutions ready at all times to assist in financing. If needed, their business transactions and render a type of service and show courtesies that is paramount.

According to the publisher's report deposits are:
Merchants & Planters, \$1,059,178.33
First National, 1,440,258.60
Oklahoma State, 1,156,752.62
Guaranty State, 204,217.92
This does not include time deposits, which will amount to over one million dollars in the four banks.

RUSSIAN BOLSHIEVKS CAPTURE ROVONO

By the Associated Press

PARIS, July 8.—Reports of the capture of Rovono, by western Russian bolsheviks, are confirmed by a Polish official statement issued yesterday and received here today.

MICKIE SAYS:

A MESS OF POTTAGE.

Esau in olden times sold his birthright for a mess of pottage but he is not alone in his folly. Countless hordes have and are selling their claims to a just life for worthless baubles.

Observe, if you will, the youth of our land. See what great numbers give the flower time of their lives for the pay of the evil one. See how many girls sacrifice chastity for the whirl of the motor and the glamour of amusement places. See how many young men give uprightness of character for temporary pleasures.

Count up the number of marriages that have been solemnized because of the lure money of bought happiness. May the God of Heaven help us to guard as more valuable than a priceless gem the record of clean living.

O. V. M.

DEMOCRATS TO WIN EIGHTH DISTRICT

By News Special Service:
OKLAHOMA CITY, July 7.—The death of Congressman Dick T. Morgan of Woodward, has presented a unique situation in Oklahoma politics, and one that may turn the Eighth congressional district, republican since statehood, into the democratic column.

That C. H. Hyde, Alva, democrat, will be the next congressman from that district, was the prediction of politicians, Tuesday.

Manuel Herrick, Perry, who was the only opponent of Morgan to file, is now the only republican in the race.

Herrick lives on a farm two miles north of Perry. For many years, according to neighbors, he wore his hair and whiskers long enough to reach his waist. Two years ago he shaved and entered politics as a democrat. In the last congressional race Herrick ran and obtained nine votes. Then he switched to the republican party.

Hyde is one of the best known wheat farmers in the northwest section, and will poll a big vote even in the strongly republican district. He is now managing the re-nomination campaign of Senator T. P. Gore.

Representative Morgan, father of Porter H. Morgan, attorney of this city, may be buried here. Funeral arrangements will be announced when the younger Morgan returns from Danville, Ill., where his father died from an attack of pneumonia.

COX ADVISES LOUISIANA TO RATIFY PACT

By the Associated Press

DAYTON, Ohio, July 7.—Governor James M. Cox, the democrat candidate for president, today expressed his opinion that it is the duty of the Louisiana legislature to ratify the woman's suffrage amendment immediately.

The democrat candidate's expressed views on the suffrage ratification was contained in a telegram replying to Frank J. Looney, chairman of the democrat state central committee of Louisiana, in which he was asked to express his views to the assembly on ratification of the federal suffrage amendment.

COX ENTERTAINS NEWSPAPER MEN

WILL SHOW THEM OVER THE
OLD HOME THAT THEY MAY
WRITE MORE FLUENTLY
OF HIS CANDIDACY

By the Associated Press

DAYTON, Ohio, July 8.—Governor Cox, the democrat candidate for president, after working for a few hours in his newspaper office this morning, expects to exploit a number of visiting newspaper representatives, about the "home and haunts" of his early boyhood at Jacksonburg, near Middleton, Ohio. The trip will be made by automobile.

It is now expected that when Franklin D. Roosevelt, Governor Cox's running mate, arrives from San Francisco, ensuing conferences will result in more than the mere exchange of felicitations.

Homer S. Cummings, chairman of the democrat national committee, E. H. Moore, of Youngstown, the governor's pre-convention campaign manager, and a number of other party leaders are expected to participate in the conferences. It is understood to be probable that phases of the campaign may be discussed, especially plans for the official notification.

The Governor last night made his second public address since his nomination, at the Dayton Country Club, at a dinner for the Ohio Golf Association.

LOUISIANA LEGISLATURE DOESN'T BUDGE

By the Associated Press

BATON ROUGE, La., July 8.—Efforts to rouse the rule of the house of representatives of the Louisiana legislature so as to act on the suffrage amendment before adjournment of the session tonight, failed today. The motion was voted down 52 to 46.

Governor Cox of Ohio, democratic nominee for president, in a telegram yesterday to Frank J. Looney, chairman of the democrat state central committee, expressed the opinion that it was the duty of the Louisiana legislature to ratify the woman's suffrage amendment immediately.

WILSON TO CALL A LEAGUE MEETING SOON

By the Associated Press

LONDON, July 8.—President Wilson has accepted the invitation of the League of Nations to call a meeting of the assembly of the league early in November, it was announced in the House of Commons today by B. Harnsworth, under secretary of foreign affairs.

The opening of a railroad that provides an outlet for the product has led to the dynamiting of one of Switzerland's most famous glaciers and the marketing of the ice.

WEATHER

For tonight and Friday, the forecast is partly cloudy to cloudy.

W.H. EBEBY'S TRIP IN CALIFORNIA

TELLS ABOUT THE WONDERFUL
DEVELOPMENTS OF THAT
STATE BUT SAYS OKLA.
IS ABLE TO BEAT IT.

W. H. Ebey recently returned from a trip to California. When interviewed by a reporter, he gave the following notations for print that the people of Ada might have some benefit of his experiences.

"What is most noticeable about southern California are the works of man. While endowed by nature with a splendid climate, it would today be practically a desert except for the genius and enterprise of the people who have settled there. Today it is the most enchanting and the most appealing place in the world.

"Los Angeles is a wonderful city and is growing fast. It is made up of a cosmopolitan people from all parts of the world. So you can find there something from every land and clime. While the city of Los Angeles is always sure of tourists and derives an immense revenue from them, it is by no means the major source of their prosperity. It is a city of factories, both large and small, as well as a huge distributor of food products all over the earth. What particularly attracted my attention was the large number of small factories—many in the yards at the rear of the houses—such as sweater factories, garment factories, etc. Small wood-work factories are many, usually making some on line, such as colonial bedsteads, another would be turning out tables, and each employing a dozen or more men. So all through the catalogue of necessities, you would find these small factories turning them out. This is one of the things that has made Los Angeles great. Without any natural or great waterway, Los Angeles has outstripped that great sea port of San Francisco.

"A number of factories probably contributed to this result, but its chamber of commerce, which is probably the most effective organization in the country, has done much to make this accomplishment possible. The lesson I got from Los Angeles and other California towns is the small factory possibilities of towns like Ada. Long Beach, I was told by a merchant, has twenty-two garment and ready-to-wear factories.

"Fruit growing, dairying, trucking, chicken raising, etc., show the application of a high degree of intelligence and unfailing attention to every detail. As an illustration of the vastness of production in that country, I noted on a board erected alongside the track at the little station of Garden Grove, an enumeration of the number of car load shipments of different products, and among some twenty different products was particularly astonished at the number of car loads of peppers, nearly 263. This shipping point represented only a few square miles. Many of these products can be just as successfully raised in Oklahoma if the same

(Continued on page eight.)

PARIS MOB MURDER TWO PRISONERS

By News Special Service:
PARIS, Texas, July 6.—Irving and Herman Arthur, negroes, aged 19 and 28 years, brothers, who last night shot and killed their landlord, J. H. Hodges and his son, William Hodges, on the latter's place northeast of Paris, Texas, were burned at a stake on the fairgrounds here tonight about 8 o'clock, having been taken from a jail by a mob at 7:30.

The negroes were captured by Lamar (Texas) county officers and posse last night at Valliant, Oklahoma, and were brought here and placed in jail this afternoon. It was thought that there would be no trouble, but later in the day a crowd gathered, quickly increased, and finally stormed the jail, on the top floor of the court house, breaking down the iron outer door and took the negroes.

There was no disorder except the yelling of the crowd as the prisoners were taken directly to the fairgrounds north of the city where a stake and fuel had been prepared and were burned. The affair was over by 9 o'clock.

The killing of Hodges and his son is said to have resulted in a dispute over money claimed by the farmer to be owed him by his negro tenants.

CANDIDATES MADE WILD USE OF COIN

SENATE COMMITTEE INVESTIGATING CAMPAIGN EXPENDITURES GET THRILLS THESE DAYS.

By the Associated Press

CHICAGO, July 8.—The senate committee investigating campaign expenditures will move to St. Louis tonight to take up the investigation of Attorney General Palmer's campaign for the democratic nomination, Chairman Kenyon announced today when hearings had been resumed.

The committee strayed from the field of campaign expenditures while questioning Henry Lincoln Johnson of Georgia, and discussed subjects ranging from the percentage of negroes allowed to vote in the southern states to lynchings and their causes.

"They don't lynch men for belonging to the republican party, do they?" asked Senator Kenyon.

"Oh, yes, they do," Johnson replied. "Many a negro voting the republican ticket has disappeared and no tidings have ever been heard of him. In Dublin, Georgia, during the pre-convention campaign, there was 'wild use of money,' the witness asserted. 'I spent only \$150.00 there,' he explained, 'but the other fellows spent more than \$2,000.'

When asked if Wood supporters bought delegates, Johnson said he did not know, but "they passed plenty of jack to the boys."

Johnson declared that the supporters of General Wood spent around \$50,000 in Georgia while the Lowden supporters spent \$50,000. "The democrats paid from \$20 to \$5,000 a vote in Georgia this year, and generally spent more money than the republicans," Johnson told the committee.

"Not one cent given to me was given to any delegate to the republican national convention," the witness declared.

VOLUNTEERS ARE WANTED FOR IMMEDIATE SERVICE

By the Associated Press

WARSAW, July 6th.—Volunteers for immediate service against the advancing Russian Bolshevik forces, are called for by the Polish national council.

Besides calling able bodied men to arms, the manifesto urges men unfit for active service to register in order to relieve office men.

FATE OF 'DRYS' TO BE DECIDED SOON

PROHIBITION WILL MEET IN LINCOLN NEBRASKA, JULY 21 TO DECIDE FATE OF PARTY

By the Associated Press

CHICAGO, Ill., July 8.—Now that prohibition is here, the fate of the prohibition party will come up for decision at its regular presidential convention in Lincoln, Neb., July 21. The prospect at present is that the party will put a presidential ticket in the field again this fall, Virgil O. Hinshaw, chairman of the Prohibition National committee, said today.

"Both the republican and democratic parties by omitting a plank endorsing the eighteenth amendment have dismally failed in living up to the standards demanded by the American people in 45 states," said Mr. Hinshaw in a formal statement. "We of the prohibition party consider it incumbent upon us to maintain a party organization to give expression to the millions of dry voters in the country."

For the first time in the history of a prohibition national convention one of the sessions will be given over to a law enforcement mass meeting. Another new feature of the 1920 convention will be the discussion of world prohibition. "Woman's Hour" is the theme of a third session.

The Lincoln convention, which will be the party's thirteenth quadrennial gathering, will be called to order at 10 o'clock on the morning of July 21 by Chairman Hinshaw. After reading the call by Mrs. Frances E. Beauchamp, of Lexington, Ky., secretary of the national committee, Aaron Watkins, of Germantown, Ohio, as temporary chairman, will make the keynote address. Mr. Watkins was the party's vice-presidential nominee in 1908 and 1912.

Clinton N. Howard of Rochester, N. Y., who presented the case for prohibition before the republican national convention for the World Prohibition Federation, the Federal Council of Churches, the Prohibition Party and other organizations, will then speak of "The 18th Amendment—The Lost Plank." R. Clay Needham, of Los Angeles, Cal., will follow with an address, "Why Democracy Shied at It." W. G. Calderwood of Minneapolis is to speak of "How the Committee of 48 Met the Call." Mr. Calderwood is national vice-chairman of the party.

Committee reports will be heard and permanent officers elected on the afternoon of the first day. This session closing with an address by Dr. Leigh Colvin of New York, president of the Intercollegiate Prohibition Association. Dr. Colvin's subject is "The Message of Our Party's Half Century History for Today."

Thursday morning is scheduled to bring election of the national prohibition committee and the report on platform and resolutions. The Rev. Elton R. Shaw of Chicago, financial secretary of the Intercollegiate Prohibition Association will make an address.

Women have the floor to themselves Thursday afternoon. "Woman's Entrance into Politics" will be the theme of the first speaker, Mrs. Viola D. Seidman of Columbus, O. The other speakers and their subjects are: "Protection of Home Interests," Hortense Ropp, Roanoke, Va.; "Woman's Influence on Legislation," Marie C. Brehm, Los Angeles, Cal.; "How far Will Her Influence Reach?" Margaret Whittinger, Chicago; and "The Dawn of a New Era?" Mrs. Florence Slown Hyde, Erie, Ill. Several of the speakers are vice-presidents of their state W. C. T. U. The evening before the convention opens will be given to the Woman's Christian Temperance Union.

Thursday night is to be devoted to the "Prohibition Foundation," an incorporation for the extension of national and world prohibition work.

Adoption of platform and presidential nominations are scheduled for Friday morning.

RULING MAKES DEPORTATION OF ALIENS MORE EASY

By the Associated Press

WASHINGTON, July 8.—Lifting of the trade embargo against Russia by the United States, with the subsequent resumption of commercial sailing to Russian ports, is expected by officials of the department of labor to facilitate the deportation of undesirable aliens.

Approximately 500 Russian communists and anarchists, in addition to 300 aliens from states friendly with Russia, now are awaiting deportation, the department estimates.

THE CANDIDACY OF COX

"It must not be Cox" said Chairman Carter Glass of the democratic convention, speaking for the white house patronage-built machine that tried by every effort to control the San Francisco gathering.

"I will not stand for Cox," said William J. Bryan, voicing the sentiment of an important schism in the party ranks that would stand for nobody not picked by the Anti-Saloon league.

And after all and by the skin of his teeth it is Cox.

After one of the most dramatic battles of American political history the only prominent candidate that came before the Democratic convention independently and solely upon his merits has emerged victorious.

This newspaper is now for Cox for the following reasons:

Because of his progressive and patriotic record as governor of Ohio.

Because he is neither the choice, chattel nor champion of any political machine, presidential or otherwise.

Because his chief opponent, Warren G. Harding, is the choice and champion if not the chattel of such a machine.

COX ADVISES LOUISIANA TO RATIFY PACT

By the Associated Press

DAYTON, Ohio, July 7.—Governor James M. Cox, the democrat candidate for president, today expressed his opinion that it is the duty of the Louisiana legislature to ratify the woman's suffrage amendment immediately.

The democrat candidate's expressed views on the suffrage ratification was contained in a telegram replying to Frank J. Looney, chairman of the democrat state central committee of Louisiana, in which he was asked to express his views to the assembly on ratification of the federal suffrage amendment.

COX ENTERTAINS NEWSPAPER MEN

WILL SHOW THEM OVER THE OLD HOME THAT THEY MAY WRITE MORE FLUENTLY OF HIS CANDIDACY

By the Associated Press

DAYTON, Ohio, July 8.—Governor Cox, the democrat candidate for president, after working for a few hours in his newspaper office this morning, expects to exploit a number of visiting newspaper representatives about the "home and haunts" of his early boyhood at Jacksonburg, near Middleton, Ohio. The trip will be made by automobile.

It is now expected that when Franklin D. Roosevelt, Governor Cox's running mate, arrives from San Francisco, ensuing conferences will result in more than the mere exchange of felicitations.

Homer S. Cummings, chairman of the democrat national committee, E. H. Moore, of Youngstown, the governor's pre-convention campaign manager, and a number of other party leaders are expected to participate in the conferences. It is understood to be probable that phases of the campaign may be discussed, especially plans for the official notification.

The Governor last night made his second public address since his nomination, at the Dayton Country Club, at a dinner for the Ohio Golf Association.

LOUISIANA LEGISLATURE DOESN'T BUDGE

By the Associated Press

BATON ROUGE, La., July 8.—Efforts to suspend the rule of the house of representatives of the Louisiana legislature so as to act on the suffrage amendment before adjournment of the session tonight, failed today. The motion was voted down 2 to 46.

Governor Cox of Ohio, democratic nominee for president, in a telegram yesterday to Frank J. Looney, chairman of the democrat state central committee, expressed the opinion that it was the duty of the Louisiana legislature to ratify the woman suffrage amendment immediately.

WILSON TO CALL A LEAGUE MEETING SOON

By the Associated Press

LONDON, July 8.—President Wilson has accepted the invitation of the League of Nations to call a meeting of the assembly of the league early in November, it was announced in the House of Commons today by B. Harmsworth, under secretary of foreign affairs.

The opening of a railroad that provides an outlet for the product has led to the dynamiting of one of Switzerland's most famous glaciers and the marketing of the ice.

WEATHER

For tonight and Friday, the forecast is partly cloudy to cloudy.

W. H. EBEL'S TRIP IN CALIFORNIA

TELLS ABOUT THE WONDERFUL DEVELOPMENTS OF THAT STATE BUT SAYS OKLA. IS ABLE TO BEAT IT.

W. H. Ebel recently returned from a trip to California. When interviewed by a reporter, he gave the following notations for print that the people of Ada might have some benefit of his experiences.

"What is most noticeable about southern California are the works of man. While endowed by nature with a splendid climate, it would today be practically a desert except for the genius and enterprise of the people who have settled there. Today it is the most enchanting and the most appealing place in the world."

"Los Angeles is a wonderful city and is growing fast. It is made up of a cosmopolitan people from all parts of the world. So you can find there something from every land and clime. While the city of Los Angeles is always sure of tourists and derives an immense revenue from them, it is by no means the major source of their prosperity. It is a city of factories, both large and small, as well as a huge distributor of food products all over the earth. What particularly attracted my attention was the large number of small factories—many in the yards at the rear of the houses—such as sweater factories, garment factories, etc. Small wood-work factories are many, usually making some on line, such as colonial bedsteads, another would be turning out tables, and each employing a dozen or more men. So all through the catalogue of necessities, you would find these small factories turning them out. This is one of the things that has made Los Angeles great. Without any natural or great waterway, Los Angeles has outstripped that great sea port of San Francisco."

"A number of factories probably contributed to this result, but its chamber of commerce, which is probably the most effective organization in the country, has done much to make this accomplishment possible. The lesson I got from Los Angeles and other California towns is the small factory possibilities of towns like Ada. Long Beach, I was told by a merchant, has twenty-two garment and ready-to-wear factories."

"Fruit growing, dairying, trucking, chicken raising, etc., show the application of a high degree of intelligence and unflinching attention to every detail. As an illustration of the vastness of production in that country, I noted on a board erected alongside the track at the little station of Garden Grove, an enumeration of the number of car load shipments of different products, and among some twenty different products I was particularly astonished at the number of car loads of peppers, namely 263. This shipping point represented only a few square miles. Many of these products can be just as successfully raised in Oklahoma if the same

(Continued on page eight.)

PARIS MOB MURDER TWO PRISONERS

By News Special Service

PARIS, Texas, July 6.—Irving and Herman Arthur, negroes, aged 19 and 28 years, brothers, who last night shot and killed their landlord, J. H. Hodges and his son, William Hodges, on the latter's place northeast of Paris, Texas, were burned at a stake on the fairgrounds here tonight about 8 o'clock, having been taken from a jail by a mob at 7:30.

The negroes were captured by Lamar (Texas) county officers and posse last night at Valliant, Oklahoma, and were brought here and placed in jail this afternoon. It was thought that there would be no trouble, but later in the day a crowd gathered, quickly increased, and finally stormed the jail, on the top floor of the court house, breaking down the iron outer door and took the negroes.

There was no disorder except the yelling of the crowd as the prisoners were taken directly to the fairgrounds north of the city where a stake and fuel had been prepared and were burned. The affair was over by 9 o'clock.

The killing of Hodges and his son is said to have resulted in a dispute over money claimed by the farmer to be owed him by his negro tenants.

THAT IS HONOR ENOUGH

Lincoln was one of the greatest of the presidents and accomplished many things of great moment, but today he is known chiefly as the president who saved the republic in the days of war between the states.

Woodrow Wilson has been one of the greatest presidents and has accomplished many things of great moment, but fifty years hence he will be known only as the president who safely conducted his country through the greatest war of modern times.

Wilson is being criticised today as few public servants have ever been criticised and almost every official act of his has become anathema to the party that opposes him. Even the glories of victory are forgotten as partisans assail the inevitable mistakes of war. The unexampled exploit of conveying two million men in safety across a death-strewn ocean is forgotten in the excitement of assailing the unexampled expense of the voyage.

But fifty years hence everything concerning the war will have been forgotten except the deathless valor of American soldiers and the glory won on fields of war. Orators will no longer denounce the cost of the conflict in the unmeasured rhetoric of a partisan campaign. The congress of a thousand puerile investigations will have passed into the limbo of forgotten things.

Then the nation will have only words of praise for those who marched to battle and for him who led the republic in the greatest war that ever reddened the planet. Then the sons and daughters of America will praise Woodrow Wilson as today their fathers and mothers praise the memory of Abraham Lincoln.

Not one of those who now defame the president of this republic will be remembered fifty years from now. The president himself will never be forgotten.

If the population of McAlester penitentiary had their way about it, we would have no governor in Oklahoma except "temporary" ones.

Being the mother of presidents no doubt has its advantages but all signs indicate that Ohio is in for the biggest family row that she ever saw.

Last week the press was filled with quotations from the editorial columns of the Marion Star. Everything naughty that Senator Harding has published during the past ten years has been reproduced by the opposition papers. Next week we shall see a run of quotations from the Dayton News. Everything naughty that Governor Cox has said since he began to write copy will now be reproduced. Both candidates are real lucky in having an editor for an opponent.

The king is dead; long live the king. When the convention assembled at San Francisco Woodrow Wilson was the acknowledged head of the Democratic party. When that convention adjourned the sceptre of the Jeffs and Jacks had entirely passed to Cox of Ohio. The voice of Wilson has long been the only voice of the Democratic council house. It still rings with a powerful challenge, but it now takes second place to the directive voice of the man from Dayton. Heretofore the man in the White House has been consulted first. Henceforth for a season the Buckeye governor will be consulted first. There has been a change at the council table and a new face is seen and a new voice heard at the head of the table. Thus the wheels of time continue to turn and the old gives way to the new. The king is dead; long live the king.

As the ancient Jews were fond of saying that no good thing could come out of Nazareth, so the modern republicans can well say that for them no good thing could come out of California. The voice of the Golden Gate first became portentous for the G. O. P. way back in 1912 when one of two strong men came out of the west to denounce the "porch climbers and dark-lantern men" of their party. Then in 1916 a belated voice came from across the mountains carrying with it a death message that has not yet been forgotten. Now again in 1920 the voice of the west comes on an ill wind to the Republican party. The ancient party of Thomas Jefferson is once more militant. Assembled amid the chaos of conflicting ideas and depressed with the fear of unexampled defeat the clans of Democracy gave no promise of a threatening battle when the ides of November should come. But from that unpromising convention has come a battle call to the hosts of Democracy that is heard throughout the nation. The fighting spirit has come again to the Democratic party. And from every precinct of this republic there rises today the slogan of the Buckeye delegates at San Francisco: "Jimmie Cox will win or know the reason, why."

Filing Time for County Candidates Expired Saturday

Time for filing as candidates in the August primary expired Saturday night and the several county tickets are now complete. At least there will be no more entries in any of the county contests. Several of the present county officials have no opposition in the primary and will be renominated without a contest. These are County Attorney Wadlington, Assessor Heard, Treasurer Swaffar and Weigher Ward, Superintendent Floyd and Surveyor Harbert.

Only one Socialist filed for a county office. This is R. W. Lillard of Ada, who filed for sheriff. No republican filed for county judge or county attorney. There will be no contest in the republican primary, a there is only one candidate filed for each office.

The following are the democratic candidates for the various offices. County judge: Tal Crawford and T. P. Holt. County Attorney, Wayne Wadlington. Sheriff: Bob Duncan, John Rawls, and Barney Selfridge. Court Clerk: Luther Franklin and Jesse M. Bell. County Clerk: Joseph Anderson, John Flowers, Jessie Rogers, R. H. Erwin, and B. V. Hampton. Treasurer, D. W. Swaffar, Assessor, N. T. Heard, Superintendent, A. Floyd, Surveyor, B. C. Harbert, Weigher, John Ward. Commission-1st district: John Edwards, H. Clay Stephens, and F. O. Harris. 2nd district: J. I. Laughlin and J. D. Gaar. 3rd district: J. D. Pace, W. H. Brents, and Oliver Taylor. The following republicans have filed. G. H. Priest for court clerk, T. E. Miller for treasurer, W. L.

Johnson for sheriff, R. W. Small for county clerk, E. J. Merritt for assessor, and Miles Conner for weigher. The candidates for commissioner are W. A. Leonard, William Van Zant, and Lon Brandon, in the first, second and third districts, respectively.

Fifteen Years Ago

From the files of The News of July 8, 1904, Ada, Indian Territory:

Ada will play Ardmore Indians three games of ball, beginning tomorrow.

The William L. Byrd Camp No. 1554 of ex-Confederate veterans met in the U. S. commissioner's office on July 3 at 3 o'clock. Meeting called to order by Capt. Sam Hargis. Miss Nettie McElreath was elected sponsor and Miss Elsie Russell was chosen maid of honor for the camp.

Japs forbid publicity and operations are veiled. Fleet of Admiral Togo is on patrol night and day.

Robert Wimbley says it sure rained hard at Stonewall yesterday. He saw very fine crops of corn in that section.

Miss Eris Manning is very ill with typhoid fever.

Miss Anna Carroll has returned from a trip to points in Mississippi and Tennessee.

Ada Browns lose game to McAlister. Score was 5 to 2.

J. F. M. Harris brought a freak from his garden to the News office this morning in the shape of a cucumber, or rather, the vegetable looks like three cucumbers in one, triplets, as it were.

Mrs. Governor Johnson and daughter, Juanita, of Emmet, are the guests of Mrs. J. F. McKeel.

Griffin O'Neal of Dallas, Texas, and engineer of the Ada waterworks system, arrived here today. The first shipment of material for the waterworks will arrive about the 25th.

J. S. Armstrong returned this morning from a business trip to Bebee and Center. He reports an abundance of rain and excellent crops.

Children Are Burnt With Concentrated Lye Here Yesterday

Joe and Elizabeth West, son and daughter of Mr. and Mrs. Joe West of this city were seriously burnt yesterday afternoon while playing with a can of concentrated lye.

It seems that the children had obtained the lye from the one and were trying to mix it with water to make it "smoke," and in some manner both children were saturated with this chemical.

Attending physicians state that they will recover and reports from the home this morning are to the effect that they are considerably improved.

Of English invention are machines for making briquets from the borings of brass or cast iron at a speed of four tons an hour.

Was it a Miracle?

NO

OSTEOPATHY

Cured the Queen of Spain's Deaf and Dumb Son

After 12 years' hopeless efforts of the best doctors in all Europe, a London OSTEOPATHIC PHYSICIAN restores the bones in the Prince's neck to normal position and the royal deaf mute became a normal child.

It sounds like fiction but read on.

The Facts

In this remarkable case as given two weeks ago in the Sunday Inquirer, shows that Prince Jaime, born deaf and dumb twelve years ago, and regarded as hopelessly incurable by every great specialist the world over, has at last received the priceless gift of hearing and speech.

Dr. J. Johnston May of 7 Park Lane, London, West England, who gave hearing and speech to the Prince is an

Osteopathic Physician

This remarkable case proves again that OSTEOPATHY is a distinct advance over the older schools of practice.

Every week in these United States thousands of difficult cases of every kind are restored to normal through

Osteopathy

More than half of all the people have something wrong with some part of the spine or back bone, which must be adjusted OSTEOPATHICALLY before the suffering it causes can be stopped.

You have the same opportunity in Ada as you would have in London, to be relieved of suffering, be it chronic or acute.

I have just recently returned from attending the National OSTEOPATHIC Convention at Chicago, where many new ideas were advanced and discussed along the lines of OSTEOPATHY.

Society

Birds.

The world at noon belongs to the sun.
At eve to the home-coming herds;
But while the dew is pearly—very, very early,
The world belongs to the birds.
As still as in a dream lie the meadow and the stream,
'Neath the soaring and outpouring of the birds.
Long, long before there is life at any door,
Or smoke at any roof, or laughing words at any fire,
Of children fresh from sleeping, the outer world is sleeping,
In the heaven-given rapture of the birds.
Not a thought of grief or care can enforce admission there
Through the winging and the singing of the birds.

Personal Mention

Alta and Inez Marsh left yesterday for Waco, Regau and other Texas points where they will visit relatives and friends.

Mrs. John McKimney left yesterday afternoon for McAlester to be with her father, A. F. Cowling, who is sick.

Smoker Davis left yesterday for Spaulding to visit his wife who is teaching school there.

Hardy Roach left yesterday to visit his cousin living in Norman.

Miss Ruth McWhirl of Roff and Miss Ruth Duran, staff member of the Sapulpa Herald, are the guests of Misses Neva and Nellie Bob Kennon of East Main street.

"WILD MAN WANTED" SAYS CONNIE TALMADGE

"In Search Of A Sinner," starring Constance Talmadge, will begin a two day's engagement at the Liberty Theatre, today. Adapted by John Emerson and Anita Loos the picture gives Miss Talmadge, more opportunities for displaying her personality than any of her previous productions.

The action of the play revolves around a girl's somewhat insane desire to "be wicked" and take the wickedest man in New York for a husband. But being extremely wicked, Constance Talmadge finds, as usual as hard as being extremely good. Hence, when she finds the wickedest man available is a member of "The Purity League," she goes in for the delicate art of "making the tame man wild," and emerges with surprising success.

"In Search Of A Sinner" is distributed by First National Exhibitors' Circuit and is guaranteed to hand you a laugh per flicker.

Notice to Contractors.
Sealed bids will be received by the school board of Ada, Pontotoc county, Oklahoma, for the erection of a three story stone and brick school building, to be built at Ada, Okla.

Plans are on file with J. E. Hickman, school superintendent, at Ada, Okla., and at the office of Jewell Hicks, architect, 19 1/2 W. Main st., Oklahoma City, Okla.

Bids will be opened at superintendent's office in Ada, Oklahoma, until 2 p. m., July 13, 1920.

All bids must be accompanied by a certified check for 5 per cent of the amount of the bid, as a guarantee of good faith on the part of the bidder.

Checks to be made payable to the school board of Ada, Okla.

The board reserves the right to reject any or all bids, and will return checks to unsuccessful bidders at time of opening bids. Successful bidder's check will be held until contract is entered into, and then returned to him.

TWELVE BRIDGES REPORTED BURNT IN OLD MEXICO

By the Associated Press.
EAGLE PASS, Texas, July 7.—Reports that twelve bridges had been burned in Mexico, south of Montelova, gave rise here today to rumors that a new revolution had broken out in the southern republic. Rodol Gonzala is said to head the new movement.

Reports from below the border yesterday were that a Mexican government paymaster's train had been robbed of \$50,000 Mexican gold, by bandits controlling Montelova. Troops were reported hurrying there from Torreon. No trains were running beyond Sabenas.

\$100,000 to loan on good farms. While most all other companies are out of money, we still have plenty to loan. See us at once for there is absolutely no delay. Cowling & Carpenter, phone 502, Ada, Okla. 6-23-12

Two islands in the South Pacific northwest of New Zealand are believed to have the most valuable phosphate deposits in the world. The bird guano having penetrated the rocks until 500,000,000 tons are available.

Without wasps fig trees would not produce fruit.

Dr. M. J. Beels is home again and can be found at his office during business hours. 7-7-2td.

A woman's fondest hope is to stay young. She often resorts to paints, powders and cosmetics to hide her years. Some women pay large sums to so-called "Beauty Doctors" in the belief that money will buy youth. Others wear girlish dresses, thinking they can fool the world about their age. But no one is deceived. The more you try to hide your age, the more it shows.

There is but one thing that holds old age back, and that is health. Sickness and weakness bring old age early in life. Dr. Pierce's Favorite Prescription is a building-up medicine for women. It makes them healthy and strong when they suffer from women's troubles. It keeps them looking young by keeping them well. It is a woman's tonic for the frail, the delicate and those who are nervous, dizzy and who have backache and dragging pains. Favorite Prescription is altogether vegetable and without a particle of alcohol. It is safe to take. Try it now. In tablet or liquid form at all druggists, or send 10c for trial package of the tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

Sheriff Arrests Three Runaway Boys Yesterday

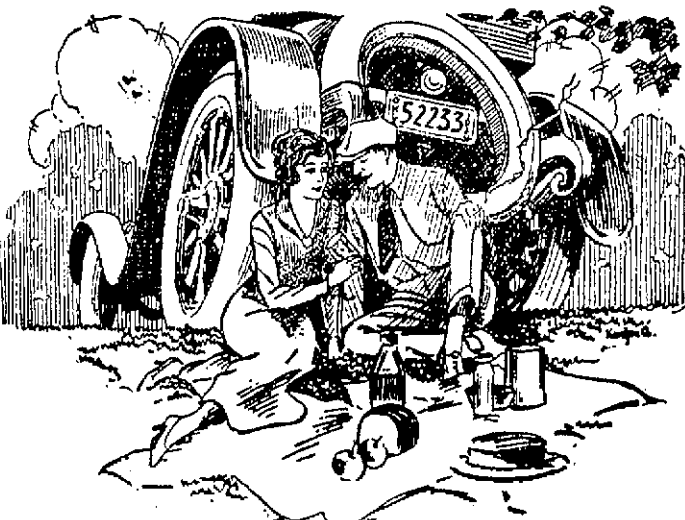

Three runaway lads were picked up in Ada, yesterday by Sheriff Duncan and are now in the county jail on suspicion of thievery. They had in their possession one gold watch when arrested and claim to have stolen the watch at New Wilson. They gave their names as Jim and Joe Needham and Eugene Conner and are about fifteen years old. The Conner boy claims to have escaped from the Texas reform school at Gainesville some time recently. The boys say they have no home at any place and are just wandering around.

Days

Free!

To the first 50 customers purchasing a bill of goods amounting to \$5 or more we will give absolutely free an individual towel holder.

S BEEN LED TO THE SLAUGHTER

For that reason we wish to make this short, concise statement of the causes which impel us. Scarcity of goods have made it compulsory in the past year for the merchant to buy heavily and have been to constantly increase the size of his stock and the amount of capital required to conduct his business and this condition is gradually getting worse as prices continue to advance. We have looked this condition squarely in the face for the next 14 days, and will sacrifice our entire \$50,000.00 stock to accomplish our purpose. Our loss is your gain.

Boy Scouts of America

By a Scout.

The time will soon be here! What time? Camping time!

Oh Boy! This is the life! Boy's life.

The city lake is an important place with the scouts. There they get the swimming, diving, boating and fresh air that scouting requires.

The American Legion is for us. We are very glad of this because we look upon the Legion men as "big brothers" and we can be more successful with their aid.

At this time most of the scouts are busy passing the required tests. They are not very easy but are being passed by the determined scouts. We hope to see several first class scouts in the near future.

Scouts are you doing your good turn every day? Better remember your oath. It won't be long until you will be called to an account and the cleaner your record the better.

The scouts are getting anxious about the camping trip. They want to get away from the city and its noises into the big forests by the winding streams and swimming holes. After a year of hard work in school this is the very thing that they need. Just wait boys! Camping time will soon be with you!

We wish to thank the Lions Club and the other organizations for the interest that they have taken in scout work. We are going to do all in our power to do and be what they intend that we shall be. We hope also that the other boys that will soon be enlisted in scouting will be as grateful to them as we are.

Scouts and The Armenians. Scouts are not supposed to brag about what they have done or what they are going to do, but we wish to mention this: The boy scouts of Troop 1 are supporting an Armenian child. Each month they raise \$5 which goes to feed a starving child in Armenia. This money is raised by donations made at each meeting.

"When a feller needs a friend." That time has come to the boys of Ada and the people are that friend. They are coming to the front in the scout work and it makes a "feller" feel good to belong to an organization that is backed by everybody. It is a great deal different from belonging to an organization where everyone that you pass turns up his nose and says, "There goes a sissy". Anyway we belong to Ada.

The Regular Meeting. Last Friday night the boy scouts of Troop 1 held their last regular meeting for this summer in the high school building. The meeting was called to order by the scout master.

The regular business was taken up and disposed of, after which some special business was discussed. The most important thing discussed was the annual camping trip. Much interest was manifested but as there were not enough present to decide on a time and place it

Car Thieves Are Arrested Down In Marshall County

Sheriff Duncan came in from Madrid, this morning bringing with him the two Indians charged with stealing a car from E. C. Peay. They were arrested yesterday by the sheriff of Marshall county. They give their names as Mack D. Lewis and Huber James and are said to live at Troy in Johnston county. They are both young men, being aged twenty and twenty-one years. Mr. Peay's car was stolen at the city lake Monday night where several thousand people were attending the American Legion picnic. The officers were soon on the trail of the boys and they were picked up yesterday by the Madrid officers.

Don't forget the name of the remedy you need when the stomach or bowels are disordered. Prickly Ash Bitters quickly corrects such troubles and makes you feel bright and cheerful. You should have a bottle at home all the time. It is the dose taken promptly that prevents sickness and expense. Price \$1.25 per bottle. Gwin & Mays Drug Co., Special Agents.

Indian Accused of Disturbing Peace Near Stonewall

A warrant has been issued for the arrest of Lewis Galloway of Stonewall on a charge of disturbing the peace. It is said that Galloway created quite a disturbance at a church near Stonewall and disturbed the peace of various and sundry people who had assembled to worship. Galloway is an Indian citizen of the Stonewall country.

A coated tongue, bad breath, dizziness and a clogged condition in the bowels can be quickly relieved by using Prickly Ash Bitters. It is pre-eminently efficient in such ailments. Price \$1.25 per bottle. Gwin & Mays Drug Co., Special Agents. adv

Russia had no trial by jury until 1864.

Building Notes

John Scales is remodeling his home at 226 East 17th street.

T. N. Herring is starting a new five room house on East 7th street.

Joe Trevenka is building a new home in the colored neighborhood just north of the compress.

Julian Herrera is erecting a residence on West 13th street.

The Congdon Cleaning & Dye Works is doing some repair work.

Dick Williams is just starting work on a new residence in the 500 block on East Main.

The residence of R. E. Pitts at 936 East 10th is nearing completion.

Prejudice Against Glasses

Persons are often prejudiced against glasses and sometimes positively refuse to wear them even when they know they are imperatively needed.

But a contest with age is hopeless, and it is the part of wisdom to yield gracefully to the first summons to surrender.

We are prepared to give you advice in this matter — correct advice, time-saving, sight-saving advice. We are properly equipped for making thorough and intelligent examinations of your eyes and if you need glasses, will furnish them at as low a figure as correct lenses and perfect fitting frames can be had anywhere.

Stonewall Man Is Charged With Wife Beating

A warrant has been issued in Justice Brown's court for E. D. Sumpter, who lives near Stonewall, charging him with wife beating. It is said that Sumpter whipped his wife and took his seven months old baby away from its mother and left home. He has not yet been arrested.

THE HOUSE OF KUPPENHEIMER

W. H. EBEL'S TRIP IN CALIFORNIA STATE

(Continued from page one.)

methods are applied—but we don't do it. Southern California is a great country—but with the same efforts put forth here, Oklahoma would be immeasurably greater.

"While there I saw Joel Terrell. Did not find Duke Stone in. Visited John Rindard and family, who are all in good health and doing well. John has recently purchased another orange grove, where they will make their home as soon as the house remodeled, which will be a large home in a beautiful setting. Saw Cass Hill, Max Hattox and M. J. Bentley are also at Orange. Bentley is drilling for oil just east of Orange.

"There are many things I would like to speak of, but space would not permit. Sufficient to say that except for climate and city attractions, southern California can offer no superior opportunities to the people of Oklahoma, in fact the man of small means can do much better here.

"Agricultural lands with water are worth from \$300 to \$600 per acre, orange groves and mixed groves from \$1500 to \$6,000 per acre. Living expenses are about the same as Oklahoma. Wages are some lower there than here. Clerks in stores and offices get about 20 percent less than here. Carpenters there receive \$7 and \$8 per day of eight hours, while common labor for factories is plentiful at \$3 per day."

Business College Notes

Lillian Ryans of Mill Creek has recently taken out a life scholarship in the bookkeeping and stenography courses.

Miss Mollie Russell, who has been taking work in the college, has accepted a position as stenographer in the M. & P. bank.

Mr. B. C. Izard of Coleman, Oklahoma, is visiting his wife, who is sick.

Robert Willmoth is out of school this week on a vacation.

Fred Abney has just returned from a two weeks' visit in Texas.

Miss Lula Hall has stopped her work in the college to teach a summer school. She will return in the fall.

Miss Pearl Truitt is taking part work in school and also working part time for T. P. Holt.

Gertrude Carleton has recently begun work for R. M. Roddie.

Local Real Estate Man Returns From Trip Near Bromide

J. G. Witherspoon, one of the city's leading insurance and real estate men, returned today from a business trip to Bromide and the surrounding country. Mr. Witherspoon stated that crop conditions in that section of the country were fine and that the recent rains made a bumper crop for the coming fall an assured fact. Farmers throughout the country have already gathered fresh corn from their crops and the cotton was in the bloom. The roads in that section are in splendid condition and prospects for a good fall business is an assured fact.

A female haddock lays about 1,000,000 eggs.

FOR RENT—Two downstairs rooms for light housekeeping. Phone 742. 7-8-51d

Personal Mention

Wayne Hume is visiting home-folks in Hydro, Okla.

Mrs. Lee Pool is visiting in Omaha, Texas, with her mother.

Miss Lucille Harrison has just returned from Okmulgee where she was the guest of Mrs. M. J. Mills.

Mrs. Leslie Maxey, daughter of T. E. Cullins, was operated on a few days ago in Sherman, Texas. She was doing nicely at the last report.

E. K. and J. D. Higgins, father and son, left today for their home in McKinzie, Tennessee, after having had a pleasant visit with their mother and grandmother Mrs. Sarah Higgins.

Mrs. P. A. Thompson, daughter of Dr. S. P. Ross, returned to her home in Oklahoma City after several weeks' visit in the city.

D. E. Price and son, D. E. Jr., returned this morning from Lawrence where they have been helping to care for a hay crop.

HEAVY FIGHTING IS REPORTED FROM RUSSIA

By the Associated Press
LONDON, July 8.—Russian Bolshevik forces have smashed their way forward on the south flank of the Polish front and soviet military authority claims success in a series of battles near Staro-Konstantinov, toward which town they are driving the Poles, according to a Bolshevik official statement received here by wireless.

"Heavy fighting is going on" between the Bolsheviks and forces commanded by General Wrangel on the south front, the struggle being particularly intense in the region of Orskhov," the statement says.

Normal and Campus

Slim Says
That the first
Thing you see
On the roads after
A big rain is
A whole lot of Fords.
His Ford is still
In the hospital
Recovering from a
Serious attack of
"Bumperitis"
Which is caused by
Sudden stops of the
Internal mechanism.
The patient will
Probably be able to
Go along with the
Bunch to Byrd's Mill
Tomorrow evening.
Fine rain we had
Last night. Wasn't it?
—Slim.

Murray county teachers met in room 203 this afternoon for a business session.

The girls' glee club met this afternoon at 3:30 for their regular practice and business meeting.

Tomorrow Dr. Wourland will address a special assembly of the classes in education. All members are urged to be present.

Johnston county teachers held a meeting this afternoon at 1:15. Business was the purpose of this meeting.

The graduates of this term met in room 302 today and transacted business matters pertaining to the closing exercises.

All boys and girls who are interested in basket ball are requested to meet this afternoon at the normal and plans for the organization of teams will be made.

The Y. W. C. A. girls were rained out this morning. The ice cream failed to show up and the girls that were to be on duty today are wearing smiles.

Plenty of school next Saturday. The students spent the Fourth having a big time and are to remain in the city this week and make up for lost time.

Yeoman Lauren C. Sears, who has been visiting his parents, Mr. and Mrs. Rollo G. Sears, for two weeks, will return to his station in San Francisco tomorrow.

The "Old Man" arrived this morning from the north pole and brought some cool weather and a good rain with him. Aside from this he will provide a banquet tonight for his children at 8 o'clock.

The Picture Show.
On tomorrow evening the picture show at the normal will feature "Silas Marner," an interesting as well as educational picture. Special music will be given and all are invited to attend.

The gym classes were practicing the rye walks this morning. Made one think of the country dances of former years. "Where a body meets a body, nobody seems to care." Anyway, these exercises were good and are essential in physical training.

The Y. W. C. A. girls have postponed their picnic until tomorrow evening. They will leave the normal at 6 o'clock. Bring all the "eats"

you can and if you have any water-melons, fetch them too. They will go to the Jack Fork creek.

The seniors have postponed their picnic until tomorrow evening on account of the rain. They will probably go to Byrd's Mill and have invited the Phi Betas to go along. Watermelons are to be on the program.

Here's what the cook prepared for us today. This accounts for our being so healthy and good-looking:
Menu: Tomatoes and macaroni soup, hamburgers, sandwiches, meat loaf, pimento and cheese, ham, Boston baked beans, corn on cob, pie, rhubarb, apricot, lemon, plain custard, ice cream, spice cake.

Red, Red Rose Banquet.
Tonight, the Ancient and Beneficent Order of the Red, Red Rose Fraternity will give a banquet to its members in the normal cafeteria. A short business meeting will be conducted in the library and afterward the party will repair to the banquet hall where they will partake of the feast that the "Old Man" provided.

Dr. Wourland Here.
Dr. A. P. Wourland of Washington, D. C. spoke at the assembly held yesterday morning and again at the 11 o'clock hour this morning. Dr. Wourland is secretary and treasurer of the Educational Society and is a very brilliant man. His address was appreciated by all present and the entire school is always glad to have such men as him visit at any time.

At the Ada Playhouses

American.
Today William Fox presents "Checkers," with an all-star cast. The story that put the race track on the stage. A smashing picture with hundreds of players and horses racing across the screen. A tremendous spectacle with thrill upon thrill from beginning to end. A Fox Special—buff sed. Also showing Jack Dempsey in "Daredevil Jack."

At the Liberty.
The patrons of the Liberty Theater are delighted with the prospects of seeing Constance Talmadge in another of those comedy-dramas which she does so well. The popular star is leading tonight in "In Search of a Sinner." Do not miss this picture. After dinner the playhouse will be the most comfortable place in town and you will be most agreeably surprised at the vaudeville program for today.

News Reporters Can't Read Minds of People Tell Them About It

As the head of this article states, news reporters can't read people's minds or they would be going with some traveling show. Sometimes good folks give just a hint of some matter and leave the reporter to his plight of guessing the remainder. Then some folks have the wrong impression of what a newspaper is for. They think they have to be as rich as Rockefeller and as important as the income tax before their name is wanted in the paper. As a matter of fact, the newspaper is for all classes, high and low, and it wants news from all sources to interest all its readers. Furthermore, it is glad to get it.

This is just a friendly hint for you to "jar loose" from that news item that is stored away in the furrowed wrinkles of your brain. Let the world know what you are doing. You like to read about the other fellow and he likes to read about you.

Last, remember that you are not trying to "show off" when you give out a piece of news. It may give you some little personal advertisement but it won't hurt you if you are level-headed to start with.

Survey of This Years Crop Condition Tells Most Flattering Tale

(Continued from Page One)

years. Small grains in the Red River valley are reported in excellent condition, sufficient rains falling in that section to reduce materially the grasshopper menace. In the western part of the state small grains also are in good condition, but the rainfall there has been light and farmers are apprehensive on account of the grasshoppers. The 1920 small grain acreage in the state is 20 percent less than last year's.

OKLAHOMA CITY, Okla., July 8.—Oklahoma's growing crops generally are in better condition than a year ago, according to federal and state agricultural authorities here. Recent rains have greatly benefited corn and cotton, according to H. H. Schultz, federal crop reporter and have interfered little with harvesting of wheat, oats and alfalfa in progress. The second cutting of alfalfa is ready.

SPRINGFIELD, Ill., July 8.—Wheat in this part of the state is headed out, promising a good yield. Oats, because of the dry weather, is short strawed and one month late.

JEFFERSON, Mo., July 8.—Favorable crop results are expected in Missouri, according to the state board of agriculture, despite the inclement weather in May, which reduced wheat conditions to 69 percent of normal. It is estimated the state will yield 29,162,160 bushels of winter wheat, 161,000 of spring wheat and 38,775,750 of oats, although 550,000 acres are idle.

DALLAS, Tex., July 8.—Crop conditions in Texas improved materially during the three weeks period ending June 20, according to the Texas Industrial Congress. All crops are reported from 30 to 40 days late, however, but with generally favorable weather since June 1 farmers are said to have made "wonderful progress in plating, replanting and cultivating."

A summary of the report shows: from 20 to 25 percent of the cotton crop remains to be planted; wheat and oats harvesting is in progress and potato digging is under way. A protracted drought in portions of West Texas has been broken by general rains and cattle range conditions are excellent.

The total cultivated acreage of the state this year is 8 percent less than in 1919. One hundred and fourteen counties report a probable cotton acreage of 10,139,000 acres or 68 percent of last year's acreage; condition compared with 1919, 75.8 percent.

Report of the Condition of THE GUARANTY STATE BANK of Ada, Oklahoma at the close of business JULY 1, 1920.

JOHN D. PASSES HIS 81st MILESTONE TODAY

By the Associated Press
TARRYTOWN, N. Y., July 8.—John D. Rockefeller celebrated his 81st birthday anniversary quietly at his Tavantico Hills estate today.

Thrown into or out of contact with the ground by a control arm in front of the driver, a caterpillar tread attachment for motor trucks has been invented by an Ohio man.

Man arrested for stealing electric fan

Judge discharged him on the grounds "Air is Free."

After reading this, we were almost tempted to put our Manhattan Silk Shirts away in the safe, for there's a draft in every design and a shiver up every sleeve.

All cut as roomy as a house, but the patterns won't eat at the same table with the average silk shirt showing. We have them in your size—to relieve your sighs—and that's the size of it.
